

DULONG

FINE JEWELRY

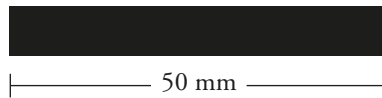

SIZE GUIDE

RINGS

Dulong Fine Jewelry rings are available in 13 different sizes to give a perfect match to your finger.

While the most precise way to find your ring size is to have a jeweler do it, you can use the guide below to choose the right size.

In order to ensure that the rings are displayed in the correct size, make sure, that the print has the correct aspect ratio: Print this sheet and find a ruler to measure exactly 50 mm:

Find a ring of your own, which has a great fit on the exact same finger that you are ordering your new ring for.

Place the ring on the closest matching circle below; make sure the inside of the ring fits around the outside of the circle. If you are between sizes, order up.

Please be aware, that ring sizes may depend on the design and adaptation to the finger. A wide ring may require a larger size and if you opt for stacking rings, it may require the same.
